

Delays Plague Opening of New Building

by Rick Bline and Steve Smith

By the time the new Newark Campus is finished, some students may have spent more time in church in two months than they have in the last two years. The most recent completion date announced by the administration, October 18, is quite tentative. The statement indicated classes would be transferred to the new building on the 18th, but a spokesman for the administration told the *Oracle* that this statement is tagged to date of completion only. After checking with WCLT, which carried the statement, the former was found to be true.

The *Oracle* then went to the building to get the opinions of some men on the site. When a worker in the lobby was asked what part of the construction was behind, he replied, "I wouldn't say anyone's behind." Another worker, when asked the same question, retorted, "Hell, they still got the whole building to do." The architect's building superintendent refused to comment but did refer the *Oracle* to a reliable source who preferred to remain anonymous. This source explained the procedure followed when the building is completed. The

architects inspect the building and make a list of all repairs that need to be remedied. When the workers correct these imperfections, both the State architect and the Ohio State architect inspect the building and make another list of alterations that still need to be corrected. When these are taken care of, the building is ready for acceptance.

The probable date for the start of these inspections is October 21, three days after classes are supposed to begin according to the administration. The building could then be occupied by November 1.

There is, however, a snag in this procedure. The cooling system will not be completely finished by inspection time. Because the windows in the building are permanently sealed closed, the air-cooling system is vital in hot weather. In cool weather the building could be used, but if we should have an Indian Summer, architect Joe Deimer does not think students could occupy the building. It will be the middle of November before the system is completely finished. The reason for this delay was a plumber's strike early in construction.

WOODWIND QUINTET TO PERFORM ON CAMPUS

*Ohio State University Faculty
Woodwind Quintet.

Student Forum Announces Speakers

For an evening of fine entertainment, plan to attend a concert by the *Ohio State University Faculty Woodwind Quintet Wednesday, November 7. Dr. Robert A. Titus, the spokesman, pointed to the personal satisfaction of playing chamber music, a form of music written for a standard five member group. The individual player knows not only the importance of his own part alone, but also of the importance of his own contribution to the total harmony of a composition. A fine repertoire of musical literature is available to such groups. Although teaching responsibilities have largely confined their activities to local performances, the quintet has found time to give two concert tours in Florida and one at Fort Wayne, Indiana. The Newark campus is indeed privileged to have this opportunity of hearing a fine group of distinguished musicians.

The Student Forum has announced that Dr. Martin O. Thurston will speak to Newark Campus students on "The Potentials of the Laser Beam." October 17, at 1:00 p.m.

Other speakers lined up for the Autumn quarter are Professor Ted Hayashi of Ball State University, who will discuss Japan's and Mark Twain's style of humor on October 21; and Dr. Fred Karaffa on November 14, whose topic will be "Drugs in Our Society." All forum programs will begin at 1:00 p.m. at the assembly center of the new campus.

At the organizational meeting on October 3, Mrs. Lucille Riley was named temporary acting chairman of the Student Forum with Barry Riley and Ed Geer as temporary committee members. More than twenty interested persons attended the meeting. The only qualifications necessary to join the Student Forum are interest and the ability to attend nine of the yearly programs.

Journalists composing the 1968-69 staff will be listed in the next issue of this paper.

The Oracle is published five times a quarter and distributed free of charge to students.

Main Campus Housing Crowded

—In order to establish closer association and understanding of the events occurring on the main campus, "The Oracle" has adopted Miss Linda S. Hershey to its staff. Linda, a sophomore majoring in journalism, will have a column in each issue of the paper of events occurring on the main campus that in some capacity affect students here—The Editor.

University housing is "crowded, but not uncomfortable," says Dean Overholt, director of student housing. The absolute capacity of university housing is 11,774 and now there are 11,916 students in residence. He said that it is only on the south side of the campus that any closing of the twelfth floor of Lincoln Tower until after the trial of dorms the rooms are larger and can house more students comfortably.

The strange surge in students residing on campus is due to: 1) the admittance of 300 more freshmen than expected, 2) the enforcement of the sophomore men's rule requiring them to live on campus, 3) a steady and unexpected stream of transfer students, and 4) the closing of the twelfth floor of Lincoln Tower until after the trial of a suspected arsonist.

Dean Overholt does not think that the crowded conditions need special attention. Conditions have been worse in the past. It was only in 1967-68 that any lapse in students in-residence showed up. This short-lived, below-capacity condition spoiled freshmen, but now they resent being overcrowded in their sophomore year.

It is expected that by winter quarter when the ranks will have thinned enough from natural causes there will be no problem. Overholt said, "There are usually more going out at the end of fall quarter than are coming in at the beginning of winter quarter," but he does not think that the crowding will drastically increase the dropout rate.

The university may lessen crowded conditions (for next year at least) by opening the twelfth floor of Lincoln Tower and by making the three floors of Lincoln Tower, now used as offices, available to students. These four floors would provide 384 extra living spaces.—by Linda S. Hershey.

Why 65 Dismissals at End of Last Spring Quarter

At the conclusion of the 1968 Spring Quarter, sixty-five Newark Campus students received dismissal notices. Most of these students were third-quarter freshmen. Basically there are only two reasons for these dismissals, and ironically these situations still remain; whereas the students who were affected by them do not.

The first factor that constituted the official reason for dismissal was the minimum point-hour ratio required of Ohio State University students entering their fourth, fifth, or sixth quarter. The requirement states that a student must have a minimum cumulative point-hour ratio of 1.70 at the end of the immediately preceding quarter, or a point-hour ratio of 2.00 or better, if taking a minimum of twelve quarter hours, for the quarter immediately preceding the fourth, fifth, or sixth. Since a student needs only a 0.75 point-hour ration for advancement into the second and third quarters, it remains relatively easy for most students to fulfill this requirement. Unfortunately, the sixty-five students dismissed Spring Quarter, 1968, could not bridge that point-hour ratio gap existing between 0.75 and the 1.70 needed to enter the fourth quarter.

Working while attending college constituted the second prominent reason. Many of those sixty-five students dismissed worked either part or full time while attending college. Since only night classes were held last year, this program appeared quite attractive. However, the burden became too great, and either work or school had to be neglected.

Granted, there were some students who enjoyed the social life more than the academic, and there were those who could not adapt to the standards and pressures of university life. But these only compose a minority of those dismissed. The biggest deactivating factor for a college student attempting to navigate a full-time course proved to be work, full or part time on a regular basis, that hampered his time to devote to studies.

FRESHMEN LEARN ABOUT OSUNC

On September 24, at 2:00 p.m., Newark Campus freshmen attended an orientation meeting at the First Methodist Church. In the speeches given by Ed Geer, President of the Student Senate, Mr. Dorrell, Mr. Armstrong, and Mr. McGaughey, freshmen were informed about college life at Newark Campus. After the orientation session, refreshments of donuts and coke were served. The new students then looked at displays set up by various clubs and organizations of Newark Campus in a basement room of the church.

FRATERNITY WETS DOWN CANDIDATES

On October 6, members of Phi Alpha Beta Fraternity wetted the 1968 Summer drought by greeting the rush of prospective pledges at the Manor House.

The following active members were present to welcome pledge-ship candidates: Rick Ghiloni, Archon; Bill Morris, Vice-Archon; George Abdalla, Recording Secretary; Dave Hannah, Social Secretary; Fred Zollinger, Treasurer; Bob Deardurff, Sergeant-at-Arms; Steve Nadolson, Historian; Jon Hauck; Mike Kyle; Chris Marchand; Dick Stiner; Ken Yonker; Don Roberts; Gary Hillis; Jeff Litten; Jim Murphy; George Pellerite; Doug Holton; Greg Cummings; and Sherm Miles. Guests at the party were introduced to the active members who provided information concerning the basis of the brotherhood. Refreshments were served.

LATEST RECORDS

McMichael Music Store
28 S. Third

Guests at the smoker were as follows: Ralph Spangler, Greg Lucas, Steven Wiersma, Steve Warthman, Mike Hansberger, Bob Fay, Paul Corbin, David Stephens, Mike Prince, Rhudy Galbraith, Jeff Holton, John Fox, Don Boltz, Jim Shira, Bart Black, John Dearing, Randy Brewer, Steve Smith, Rick Bline, Robert Smith, John Fadoosle, Gordon Franklin, Ken Mathews, Terry Lanning, Craig Foster, Randy Thompson, Joe Robertson, and Jim Kingery.

OPINION POLL RESULTS

On October 2, the Oracle conducted its first Opinion Poll of the year; and henceforth will continue to do so for every issue this year. Since the Presidential election is, without question, the most important and most controversial issue at this time, the Oracle chose the following question for the poll: For whom would you vote for President of the United States? The choices included the three major candidates and space was also provided for write-in votes. The winner of the poll was Richard Nixon, who garnered 48% of the vote. George Wallace received 18%, with Hubert Humphrey getting 14%. Write-ins included Eugene McCarthy (5%), Nelson Rockefeller (2%), Edward Kennedy (2%), and Ronald Reagan (.8%). Other write-ins included such dignitaries as Pat Paulson, Goldie Hahn, Eric Severeid, Alfred E. Newman, Pigment Marlsham, Russell Brown, and Steve Nadolson.

Along with the Oracle Staff, I would like to express my thanks to the student body for their cooperation in compiling this first poll and I hope this cooperation will characterize future polls.

Students Need Observe Two Withdrawal Procedures

Occasionally illnesses, family responsibilities, or other circumstances cause a student to leave the university during a quarter. In such an event, a student should be sure to report to the office to **WITHDRAW OFFICIALLY**. Regardless of the validity of his reason, if he merely leaves, he will automatically receive failure in all courses and will be ineligible to re-enter OSU or to transfer to most other universities.

If a student has signed for a course but is not legally permitted to take it because he has not completed all of the prerequisites for the course, it is the *student's responsibility* to go to the office and make out a Change Ticket dropping the course.

Failure to comply with University rules in this matter could cause the student to receive an automatic E in the course for which he is not legally registered.

New Campus Will Offer Conveniences

The facilities for students and faculty at the Newark Campus will be extensive. These will include such items as vending machines, cafeteria-style manual service, lockers, a convenient parking area, and bus lines to the campus.

The dining area is located on the first floor on the South side and will seat approximately 154. Vending machines have been installed and range from pastries, ice cream, and snacks to sandwiches, hot foods, and almost any type of beverage. In addition, there will be a manual service counter which operates at lunch and dinner time.

There will be thirty coin-operated lockers available in the north corridor on the first floor. Additional lockers will be added if the need arises for them.

Concerning parking, there is a lot at the front of the building which has a capacity of 600. At present, the surface has not been completed, and it would be appreciated if students would drive as slowly as possible since the pavement needs time to harden and settle.

As for buses, it has been arranged with Mr. White, manager of the Newark bus line, that buses will run to the school every hour from 9:00 A.M. until 6:00 P.M. The route followed will be the West Route. If you are not acquainted with this route, there are signs on the west side of the square which give information concerning bus routes.

—Marsha Shumaker

Have You Noticed The Massive Stone Wall?

Behold the gate to OSU and a higher education.

Perhaps, you have noticed the massive stone wall that lines the East side of Wright Street adjoining the rustic fence near "The Barn." This is of great interest to many people. If you are one who has been captured by the beauty of this magnificent wall, I have some facts that may be of interest.

In my recent interview with Mrs. Clarence Heisey and her son, Tim, who live on the corner of Granville and Wright Street, I learned that her husband, the late Clarence Heisey, had the stone wall built during the summer of 1932. It is not exactly known from where the stone was quarried and transported to its present site. The stones are so numerous and large that they were probably quarried from some other place than Newark. At any rate, it must have been quite a task for the late Floyd Rector, grandfather of Sherry Bodle, and one other man (identity unknown) to build the wall.

The wall rises to different levels. One of the walls, now jointly connected, has a slant and is wider at the bottom than top. Mr. Tim Heisey noted that "the wall was built to give some privacy in the back yard."

The osage mock orange trees are also noteworthy because of the impenetrable hedge that they form. The trees are dense and covered with "spike" thorns and a thick sap that "messes up" chain saws. For this reason, they have never been cleared, and probably will not be for many years to come.

Something else that seemed quite amazing was the survival of the tall 30 year old buckeye tree on the corner of Granville and Wright Streets. The tree was originally planted at sidewalk level. Dirt from Chestnut Street has been filled in around the trunk of the tree up to seven feet! Normally, this will kill any tree, but the thirty year-old Heisey buckeye tree continues to thrive under this unusual condition, jutting itself upward for all to see.

Jennifer Crawford

PLAQUE PRESENTED TO MR. SLATER

During the first meeting of the Circle-K, Mr. William Slater, club advisor, was presented a bronze on walnut wood plaque in recognition of his outstanding service to and personal effort for the club, during the past year.

President Dennis Morris opened the meeting, and announced that the Circle-K plans to compile and publish a student directory which will go on sale when completed.

Phil Gantt, Vice-President; Wayne Ehret; and Gary Hillis were presented membership pins.

Newark Campus APO Officers Appointed

Officers to head the Newark Campus Chapter of Alpha Phi Omega Fraternity were appointed by President Ken Secrest during the first organization meeting, held October 3.

Officers appointed were Larry Grant, vice-president; Roger Bolin, treasurer; Bill Martin, secretary; and Rick Smeltzer, historian. Mr. James Bradley, advisor; Phil VanWinkle; Bob Saunders; and Al Zellner were also present. This group will pioneer the formation of an APO Chapter on the Newark Campus.

Any male students interested in joining this service fraternity should see Ken Secrest (tel. 344-4914).

MR. DORRELL HAS HONEY OF A CAR

More than once, Mr. Robert Dorrell has pulled out of one sticky situation or another, but October 2, when the lid popped off, he stuck.

It all started when Mr. Dorrell bought two pints of honey and laid them, lids facing, on the back floor of his car. While driving along, one of the lids popped open and the tacky yellow hydro-mel oozed over his car floor. The mess is now cleaned up, and Mr. Dorrell proudly claims to have a "honey of a car." Perhaps if the bees don't carry it off!

Don't Forget Yourself

Students, are you forgetting yourselves? Of all the students that signed up for individual intramurals, only a few have taken advantage of them. Call up your opponents and challenge them—in sportsmanship spirit—to a play off.

All fall quarter tournaments officially started on September 25, and will continue till December 6. So if you are planning to make the top of the ladder in tournament competition, get an early start.

CAMPUS ENROLLMENT UP

There are thirty-three more students on Newark Campus this fall than at the beginning of fall quarter last year. The total for this year is 735, whereas the total for 1967 was 702. The number of full-time students totals 665.

The top four subjects with the largest enrollment in descending order are English, psychology, biology, and comparative literature. Mathematics 123 has the smallest enrollment, with a total of four.

NAME OF MARGARET VAN WINCLE OMITTED

The Oracle apologizes to Miss Margaret VanWinkle for omitting her from the list of valedictorians appearing in the September 24 issue of the paper. Margaret, a valedictorian from East Knox High School, was unintentionally forgotten due to a bureaucratic error.

INDIVIDUAL INTRAMURALS HAVE STARTED

If you are an individualist who also enjoys making new acquaintances with other persons of similar interests, you will want to sign up for one of the ladder tournaments involving chess, euchre, golf, pool, table tennis, and tennis.

To enter a ladder tournament all you do is complete a small card with your name, address, telephone number and date. Place the card on the appropriate ladder tournament board (located in the main office of the Administration Building) in descending order where a vacancy occurs; challenge the person immediately above, to change positions, and arrange a match at your convenience. Denote results on the ladder board as soon as possible following the match. Matches must be played within two weeks of challenge. Failure to do so will result in forfeiture of position. Contestants are to challenge only the participant.

In the event that there are more entries than space on the board, lots will be drawn to determine positions. Otherwise, entries will be handled on a first-come first-level basis.

CHESS

There will be one (1) chess tournament per quarter; a total of three during the year. The Autumn Quarter tournament will end on Friday, December 6, the last day of classes. Winter and Spring tournament dates will extend from January 2 through March 7, and March 25 through May 29, respectively. For further information contact Jim Johnson, tournament Chairman, telephone 745-5860, or Mr. Armstrong, Assistant to the Director, 366-3321.

Attention Sport Fans

All home soccer games will be played on Denison University soccer field instead of at Newark High as scheduled earlier.

The following change in the Newark Campus basketball schedule has been made: the game on November 15 will be played at Portsmouth instead of Newark; and the game scheduled for January 3 will be played at Newark instead of Portsmouth.

Intramural basketball will begin Saturday, October 26, at the Licking County YMCA, 470 West Church Street, at 2:00 p.m. If you are not on a team, and you want to participate, join one already organized or get a team (5 players minimum) together of your own. For information contact Reggie Pitt, Program Chairman, 324-2851, or Mr. Armstrong, Newark Campus office 366-3321.

Softball, a Spring Quarter activity, is tentatively scheduled to start Sunday, April 6, weather permitting, at the Newark High School Athletic Field on the East diamond. Watch The Oracle and the bulletin boards for further details.

TWENTY-FOUR GAMES SCHEDULED FOR VARSITY

The OSU basketballers will be playing twenty-four games during the '68-'69 season with the first scheduled for November 30, one week after the gridiron brigade retires from the mammoth horse-shoe. Of the 24, thirteen will be on the home floor in Columbus. The schedule as announced is as follows:

- November
 - 30—Ohio University
- December
 - 6—UCLA
 - 14—Harvard
 - 16—at Washington State
 - 21—Washington State
 - 23—Butler
 - 27—at Florida State
 - 30—University of Washington
- January
 - 4—at Indiana
 - 11—Wisconsin
 - 18—at Michigan
 - 20—at Georgia Tech.
 - 24—with Cornell in Cleveland
 - 28—Illinois
- February
 - 1—at Purdue
 - 8—at Wisconsin
 - 11—Purdue
 - 15—Minnesota
 - 18—at Illinois
 - 22—Iowa
 - 25—at Northwestern
- March
 - 1—at Michigan State
 - 4—Indiana
 - 8—Michigan

Cost of season tickets for the thirteen home games totals \$32.50. They may be purchased through the Arena ticket office either by mail or at the office. If ordered by mail, the purchaser should add 20c for each season book order and 10c for each game order to cover mailing costs. Mezzanine seats for a single game cost \$2.50 each and seats for the balcony \$1.50 each. All home games will start at 7:30 in the evening with the exception of the Iowa and Michigan games, which begin at 2:15 in the afternoon.

Season and single game reserved seats in St. John Arena are located in Sections 3A, 5A, 7A, and 11A, the Mezzanine area on the south side.

A group of twenty students toured the new building on Sunday afternoon, October 13. Mr. Robert McGaughy conducted the expedition, and during the pilgrimage he took pictures to be used later when interviewing prospective enrollees on campus.

Dr. Marlin O. Thurston, Chairman of the Department of Electrical Engineering at Ohio State, spoke on the potential of the laser beam. The meeting was held in Room 10 of the First United Methodist Church at one o'clock, Thursday, October 17.

Kilpatrick to Pilot New Soccer Team

The fledgling Newark Campus soccer team, under coach Jack Kilpatrick, started practice Sunday, September 29, with 23 athletes reporting.

The young mentor's primary problem will be the lack of experience among his charges. Only three of the booters have participated in organized soccer before this season.

Despite the inexperience, Coach Kilpatrick stated that he was "real tickled; the boys are showing a lot of desire and hustle," and he added that he was very happy with the progress being made in the nightly workouts.

Coach Kilpatrick, a 1960 graduate of Frazeysburg High School, served two years in Nigeria as a Peace Corps volunteer before enrolling at The Ohio State University. While in Nigeria he coached basketball and track and was introduced to the sport of soccer.

In addition to his duties as soccer coach, he is a full-time student in the College of Agriculture as well as a member of the Titan basketball team.

FOUR BOWLING TEAMS ENTERED

Intramural bowling meets will be held at Valley Lanes on Saturdays at 9:00 A.M., commencing October 19. This year's schedule was adopted at the organizational meeting held Thursday, October 10, at the bowling establishment on North 21st Street.

Four teams have enrolled in the 1968-69 intramural bowling program to date. These teams are the Cardinal Puffs, Phi Alpha Beta, Underdogs, and the Faculty. Time still exists for interested students and organizations to join the league. All entries must be in to Mr. Armstrong on or before Friday noon, October 18. Each team is to consist of a minimum of three bowlers. Connie Pond is program chairman. She will announce the schedule of competition at the initial session on Saturday October 19.

Actress To Speak In Heath

by Linda Howard

Members of the Celebrity Speakers Club are entitled to hear actress Agnes Moorehead speak in the Heath High School auditorium on October 26 at 8:01 p.m.

Miss Moorehead is a graduate of Muskingum College and the University of Wisconsin. She entered the American Academy of Dramatic Arts and soon made her acting debut on Broadway and on radio. Miss Moorehead is now well known for her role in the popular television series "Bewitched."

Other speakers lined up for the year are journalist Victor Riesel, December 13; personality Fulton Lewis III, February 6; and fraud expert Dan Tyler Moore.

Students interested in joining Celebrity Speakers Club may receive necessary information at the Newark YMCA on Church Street.

OSU THEATRE READIES PRODUCTIONS

by Linda Howard

Ron Cowen's *Summertime* will be the first play presented by the OSU Theatre during the autumn quarter.

Others to be presented are Shakespeare's *The Tempest*, Littlewood's *Oh, What a Lovely War!*, Albee's *Who's Afraid of Virginia Woolf?*, and Bizet's *Carmen*.

Season coupon books are \$5.00, which may be ordered from the OSU Theatre Box Office, 154 North Oval Drive, Columbus.

WHEN TO KNOW YOU'VE BEEN STUDYING TOO HARD

by Linda Howard

You know you've been studying too hard when you discover that the book you've been cramming for for your mid-terms is *The Cat in the Hat*.

You know you've been studying too hard when you take your girlfriend on a date to the library.

You know you've been studying too hard when you see Tiny Tim on television and mistake him for a professor from Berkley.

You know you've been studying too hard when you spend the night studying and upon reaching the campus the following morning, discover you're still wearing your PJ's.

You know you've been studying too hard when you watch *A Man For All Seasons* and tell your parents you're taking your history mid-term.

Sheri Bodle to Wed

Richard F. Davis

Miss Sherlyn S. Bodle will wed Richard F. Davis in the Rocky Fork Church of Christ in the afternoon of Sunday, October 27, at 2:30 in the afternoon.

Miss Bodle, secretary to Dr. Barnes, came to Newark Campus just under three years ago. January would have marked her third anniversary on campus. Wednesday, October 23, will mark her last day at the administrative building. At this writing no successor has been chosen.

Miss Bodle was a graduate of Utica High School with the Class of 1964.

She and Mr. Davis, who is currently serving with the Air Force in Dayton, plan to take a trip to southern areas of the United States following the wedding. Upon their return they will reside in Dayton.

Open church will be observed for the solemnizing ceremony.

Miss Bodle stated, "I have enjoyed my position here very much. I shall certainly miss it."

Why Not More Sports?

by Mitch Finney

Many of the new freshmen are asking the question "Why not more sports?" The Newark Campus was established to take a load off the main campus and to offer the advantages of a small college. During the beginning years of the Newark Campus few sports were offered. Each new year, however, brings with it new organizations and activities. These activities are the second step toward making the Newark Campus a more attractive one. Within the past few years, many sports have been started on the local campus. Basketball arrived first, being barely three years old, followed by soccer, tennis, golf, and chess. In the future Mr. Armstrong hopes to begin track, cross-country, and many more sports.

TOP DRAWER

by David E. Hannah

The college men's wardrobe outlook for autumn is the most exciting ever. Whether you are shopping for casual school wear or a new suit for an important interview, the selection of "wearables" is staggering.

Top-drawer shirts for back to school include such names as Creighton, Gant, and Van Heusen. These shirtmakers are showing a wide variety of patterns including single and multi-color stripes, tattersal checks and windowpane plaids. Choose from button-down collars to the new "buttonless button-down." Wear the latter style with a collar pin, an item which has recently been revived.

EUCHRE TOURNAMENT LINEUP ANNOUNCED

Following is the line-up of euchre tournament contestants in the order that they will play; telephone numbers have been added for the convenience of the challenger. James E. Bradley, AM7-6050; Robert Sessor and Jeff Woodland, 344-2918; Rita Elliott, 366-5588; Frances Franklin, 323-7001; Michele Finney and Pam Fox, 325-7901; Mitch Finney and Steve Monske, 325-7901; Rich Hayden, 763-3951; Randy Peele, 366-4910; James Grimes, 828-2933; Del Allen and Linda Angeletti, 344-2764; Gary Chaconas, 344-7341; Emmett Barrett and Robert Blamer, 344-2242; Kenneth Kohler, 366-5885; Tom Adam and Greg Lucas, 344-4022; Kathy Stroh and Nancy Hoehler; and Rich Vannett and Steve Weisma, 344-4906.

Slacks for fall are frequently patterned; traditional men are favoring both glen plaids and neat stripes. The newest twist to the pants game is the flared trouser. Levis and Male are about to release numerous colors of trousers featuring wide bottom.

Make the dean's list by wearing English harness leather belts by Canterbury. Sharp items include belts with antique finish and the new two-inch wide belt.

Finish your shopping with a pair of bass Weejuns. The popular color is cordovan. Those who are more individualistic may prefer black and white saddle shoes or the strapped boot.

INTRAMURAL BASKETBALL SCHEDULED

Nine teams are enrolled to date in the Newark Campus intramural basketball program, scheduled to commence Saturday, October 26, at 2:00 P.M. at the Licking County YMCA, 470 West Church Street. The teams include the Buckeyes, Chargers, Collegiate All Stars, Lincoln Lions, Phi Alpha Beta, Ridgewood Bombers, the Sharp Shooters, Trojans, and the Underdogs.

Individuals and organizations are invited to participate in the basketball program. The deadline for entering a team is Friday, October 18. Reggie Pitt, program chairman, will post the league schedule on October 21. The necessary forms for entering a team, as well as information for joining a team, may be secured from Mr. Armstrong.

Tony Moore Recovers From Operation

While most students attended their first and second week of college, Miss Tony Moore spent her time undergoing an appendicitis operation and recovering at the Licking County Memorial Hospital. Tony has fully recovered and will be able to participate in normal activities in the near future.

Cheers

A ThriftiCheck® personal checking account deserves your cheers every time another college bill is paid by check. And you'll rate a few cheers yourself — from parents and all you deal with — for handling bill payments speedily, accurately, and handsomely. Yes, handsomely. Each ThriftiCheck is as attractive — with your name printed on it FREE — as it is economical. Pay bills cum laude with no-minimum-balance ThriftiCheck.

Phi Alpha Beta Holds Second Smoker

Members of the active chapter of Phi Alpha Beta held their second smoker for prospective pledges at the Heath office of The Newark Trust Company in the evening of October 13, beginning at 7:30. Munching potato chips and drinking pop, guests played cards with actives during the first part of the evening.

Following the social part of the evening, Archon Richard Ghiloni introduced Mick McCartney, one of the founders of the fraternity who is spending fifteen days at home before leaving for Vietnam. Ghiloni then called upon Mr. Kingery, adviser of Phi Alpha Beta who explained to the prospective pledges what a social fraternity actually was. McCartney next told the group what the fraternity had meant to him and what it still means, although he spends most of his time far from Newark. Guests were excused at ten o'clock after which actives held a chapter meeting.

Guests at the function were Rhudy Galbraith, Jeff Holton, Rick Blin, Mike Rodenbeck, Steve Smith, Randy Thompson, Bob Fay, Jim Kingery, Craig Foster, Richard Winegardner, Joe Robertson, Rick Vannett, David Stephens, and Jim Roberts.

Soccer Spotlight On the Co-captains

The first Newark Campus Soccer Team has chosen Steve Wiersma and Jim Roberts as their 1968 co-captains. Their duties have included building team spirit, the selection and distribution of uniforms, and the enforcement of team rules.

Steve Wiersma, a 1968 Newark High School graduate, is a freshman majoring in the college of Arts and Sciences. This quarter he is taking Fine Arts, English 101, Sociology, History 121, and Freshman Survey.

Steve is one of the three players on the soccer team who has previously participated in organized soccer. In 1966 he led the Rocky River High School Soccer team in goal assists. He was a member of the 1968 Newark High tennis team. He has also participated in high school basketball, football, and track. Soccer is his favorite. Steve is the centerforward on the Titan team.

The other co-captain, Jim Roberts, is also a freshman and 1968 Newark High School graduate. This is Jim's first participation in organized soccer. Jim is majoring in biological sciences and intends to become a forest ranger. In high school, Jim was a member of the football and track teams. He threw the discus and shot put for his champion track team. Jim fills the position of fullback on the Newark Soccer Team.

These two co-captains deserve much credit for the good spirit shown by the soccer team and the noticeable rate at which the team is improving.

BUILDING from page 1

It is University policy not to accept any building until it is completely finished. Unless the building is accepted with the partial cooling system, it could be the middle of November before classes are held in the new structure.

One local official who is unhappy with at least one facet of the structure is Newark Fire Chief E. E. Malloy. A valve was installed making possible a fire hydrant within 50 feet of the building. The architects declined to install the hydrant. The nearest fire hydrant now is some 600 feet away.

A \$100 a day penalty is included in the four major contracts. This, however, may not be enforced.

Upon completion of the building a meeting will be held with the Ohio State architect, the State of Ohio architect, and the contractors. If no reasons can be shown for the delay, the clause will be invoked, probably from the original completion date; August 20. There is, however, good reason to believe that the clause will not be invoked.

Positions On Soccer Team Announced

The following men and their positions play on the new Kilpatrick-coached soccer team. They are Ken Willis, right forward; Dennis Linn, middle or left forward; Dave Spencer, left wing; Roy Hodges, fullback; John Clark, fullback; Tom Restorick, forward or fullback; Paul Swisher, middle halfback; Bill Mohler, fullback; Dan Haynes, halfback; Greg Lucas, goalie; Jim Roberts, fullback; Jim Hewitt, wing; Tom Boder, fullback or halfback; Del Allen, halfback; George Chaconas, fullback; Larry Saunders, optional; Steve Wiersma, center forward; Bob Dorsey, inside; Gregg Coffman, goalie; and Steve Monske, fullback. Jack Kilpatrick is coach.

Sorensen to Speak at Denison

(Granville)—Theodore C. Sorensen, top aide to President John F. Kennedy and Senator Robert F. Kennedy, will speak at Denison University on Sunday, October 20 at 2:00 p.m. in Swasey Chapel. Tickets, on sale at the door, will cost \$1.50.

Sorensen, author of the best selling book, *Kennedy*, will appear under the auspices of the Denison Lecture Series. He will speak on the topic, "Politics: 1968."

In the past year Sorensen has participated in the campaign of Robert Kennedy and served as a delegate from New York to the Democratic Convention. At the convention he was instrumental in drafting the minority dove plank on Vietnam.

Sorensen joined John Kennedy's senatorial staff in 1953 at the age of 25. He successively served in positions with Kennedy as legislative assistant, speech writer, campaign manager, domestic policy advisor and special counsel to the President.

Kennedy and Sorensen became one of the closest workig teams in Washington. Between the two they developed the stylistic character which became identified with all Kennedy's speeches — alliterative phrases, rhymes, parallel construction, and historical quotations.

The Denison Lecture Series is an independently financed and administered organization of the student body of Denison University.

The \$3,000,000 structure has been subjected to frequent delays, as at the present time. Students should not hope to get into the building for two weeks, and possibly longer.

Christmas anyone?

Titans Whitewash Lima

Newark Campus blanked the Lima Campus 4-0 Sunday October 13, on the Denison soccer field.

The Newark team never was in trouble during the game. The Titans scored first on a kick by Ken Kohler, then on one by Dan Haynes, and the final one in the first period by Ken Willis. The Newark lead mounted in the second quarter as Ken Willis scored point number four for the Titans. From this point on, neither team could capitalize on any of their many attempted goals. Both the half-time and the final scores showed Newark on top 4-0.

Newark goalie Greg Lucas turned in another fine performance as he kept Lima from scoring. Other key saves were made by Roy Hodges, Jim Roberts, and Larry Saunders. Centerforward Steve Wiersma controlled the ball often throughout the game. He set up several goals in the first half that were not converted into points. Coach-player Jack Kilpatrick did not enter the game until late in the fourth period. Lima goalie Dennis Brown drew much praise for keeping the Titans scoreless in the second half.

This victory balanced the Titan record 1-1. Saturday Ohio Wesleyan defeated the Newark Campus 2-0 in initial Titan play.

TITANS MEET DENISON

Newark Campus opposes the Denison University JV at four o'clock on the Denison soccer field. Currently the Newark Titans sport a 1-1 record.

4-H CLUB MEETINGS SCHEDULED

Newark Campus 4-H Club will meet October 16, at 7:00 P.M., in building E, Room 18, at the Newark High School. This date has been chosen for the first organizational meeting because it runs in conjunction with Agricultural Survey.

Widespread state campus facilities make it possible for 95% of all high school graduates of Ohio to live within thirty miles of an Ohio State University campus.
